It falls into a pool of water below, which reflects the surrounding greenery. The background is filled with dense, dark green forest covering the mountainsides.

Magnifica Comunità di Fiemme

A wide-angle photograph of a construction site in a mountainous, forested area. In the foreground, there's a large pile of gravel and rocks. A yellow excavator is positioned on the left side of the frame. In the center-right, a tall metal pole stands vertically, likely part of a ski lift or similar infrastructure. The background features dense evergreen forests and distant, snow-capped mountain peaks under a clear blue sky.

A scenic view of the Dolomites in Val Brenta, Italy. The foreground features a lush green meadow with a few small figures sitting on the grass. A dense forest of tall, dark green coniferous trees stretches across the middle ground. In the background, majestic, rugged mountain peaks rise against a sky filled with soft, white clouds. The mountains have patches of snow and rocky terrain. The overall scene is a classic representation of the Alpine landscape.
